**office location:
Stephens Hall, Room 230 C**

**UC LEADS is part of the
Cal NERDS Program.**

UC BERKELEY UC LEADS

**Leadership Excellence Through Advanced
DegreeS Research Program**

UC LEADS is a two-year program designed to identify educationally or economically disadvantaged UC undergraduates in mathematics, engineering, or science who show promise of succeeding in doctoral degree programs. The program provides students with educational experiences that prepare them to assume positions of leadership in industry, government, public service, and academia. Additional benefits include: faculty mentored research experience, access to technology, research stipends, leadership skill development, graduation school and GRE preparation, research conferences, science writing, seminars, community building, and travel to professional meetings.

**ROLLING ADMISSIONS,
FIRST DEADLINE:
JANUARY 31ST**
